Microscopy Core Acknowledgment and Authorship Policies

Dear Microscopy Core Users:

According to the NYULMC policy, please acknowledge the Microscopy Core at New York University Langone Medical Center in all publications and grant applications if you are using data or tools generated in the core. Authorship should be considered when core members are involved in significant experimental design or publication content contributions. Please send us the PDF file of your publications and let us know if the grant is awarded, this will enable us to demonstrate our involvement in the research of a large number of laboratories at the university, aiding the procurement of future equipment for the Core.

Please cite grant "NCRR S10 RR023704-01A1" for data collected on the Zeiss LSM 710, "P01A1080192" for data collected on Nikon TIRFM system, "NCRR S10 RR024708" for data collected on the Leica SP5 confocal system, and "S10 OD019974-01A1" for data collected from Zeiss 3View SEM.

We will do our best to meet your service expectations. If you have any questions, please don't hesitate to contact us.

Name _____ Signature _____ Date _____

Sincerely,

Alice Liang, Ph.D
Director, Microscopy Core

Yan Deng, M.D., Ph.D
Optical Microscopy Specialist

Michael Cammer, M.A.T., M.F.A.
